

Tamoor Saeed

FULL STACK WEB DEVELOPER

PROFESSIONAL SUMMARY

Full Stack Developer with proficiency in Ruby on Rails (RoR) and React, underpinned by a solid foundation in JavaScript, HTML, and CSS, React/Redux. Possesses technical and soft skills, highlighting a swift adaptation to new technologies, excellence in collaboration and communication, adeptness in remote work, and proficiency in pair programming settings. With a track record of crafting web applications from inception to completion, ensuring seamless functionality and captivating user interfaces that stand out. A comprehensive grasp of programming languages, frameworks, and databases enables the management of all facets of web development, leading to the production of dynamic and interactive websites.

EXPERIENCE

■ .Remote

Web Development Intern, Sep 2023 - Oct 2023

- Collaborated with the development team to design and implement responsive web pages using HTML and CSS, ensuring a seamless user experience across different devices.
- Worked on debugging and troubleshooting code issues, improving the quality and performance of web applications, resulting in smoother user experiences.
- Conducted research and stayed updated on the latest web development trends and best practices, incorporating new knowledge into projects to maintain competitiveness.
- Skills: Web Infrastructure, Node.js, Cascading Style Sheets (CSS), JavaScript, HTML

■ -, Houston, Texas, United States • Remote

Full-stack Developer, Jan 2021 - Dec 2022

- Successfully conceptualized, developed, and launched a feature-rich web application that not only attracted more users but also enhanced their overall engagement. Accomplishments:
- Increased user engagement rates by 25% through the creation of a user-friendly interface.
- Reduced website loading times by 30% through the implementation of performance optimization techniques.
- Built a comprehensive collection of reusable components and libraries, simplifying and accelerating development processes while reducing project timelines and costs. Accomplishments:
- Developed a range of reusable UI components, leading to a 20% reduction in development time for each project.
- Established libraries for common functionalities, contributing to a 30% reduction in development costs.
- Contributed to over 40 diverse projects utilizing a wide range of technologies, including HTML5, CSS3, JavaScript, React/Redux, and Ruby on Rails, resulting in an extensive portfolio of successes.

SKILLS

Front-End: JavaScript, React, Redux, jQuery, HTML5, CSS3

Back-End: Ruby on Rails, MySQL, PostgreSQL

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools, Mentoring

Professional: Remote Pair-Programming, Teamwork, Mentoring

PROJECTS

[weather around the world app](#)

- A web app to add, edit and delete tasks.
- Built with: (React, HTML, JavaScript, CSS)

[Space Travelers' Hub](#)

- Built with: (React, CSS, JS, and API)

[LeaderBoard](#)

- A web app to add scores to the leaderboard.
- Built with: (HTML, JavaScript, CSS, WebPack)

- Skills: Full-Stack Development, PostgreSQL, Back-End Web Development, RSpec, Mentoring, HTML5, Cascading Style Sheets (CSS), JavaScript, Bootstrap, GitHub, Team Leadership, Application Programming Interfaces (API), React.js, Ruby on Rails

EDUCATION

MICROVERSE, November 2022 - October 2023

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

MICROVERSE SOFTWARE DEVELOPMENT SCHOOL · November 2022 - October 2023

- Obtained Full Stack Developer Certificate.
- Completed the rigorous full-stack remote program where I created multiple projects using React, Ruby on Rails, HTML, CSS, and Vanilla Javascript. I also pair programmed remotely with other developers from all over the world.
